

τ measured at 10σ

- A new generation of Planck HFI maps
- better correction of systematic effects for polarization at low ℓ (Delouis et al 2019 A&A 609, A38)
- maps available at <http://sroll2.ias.u-psud.fr/>

r only limited

353 GHz dust cleaning at 150 GHz

Sroll2 Planck legacy
